## **Nationwide Mortgage Licensing System & Registry McGraw-Hill Federal Credit Union, NMLS# 407684**

As a federally insured credit union, our mortgage lending staff is required to obtain a Mortgage Loan Originator number. This number signifies that our lenders have met the criteria required by regulators to act as a mortgage lender.

Consumers are encouraged to ensure the mortgage lender they are working with has a Mortgage Loan Originator number. This can be done by accessing the Nationwide Mortgage Licensing System (NMLS) website at [www.nmlsconsumeraccess.org](http://www.nmlsconsumeraccess.org). The NMLS website contains information on the purpose of the NMLS, licensing information, and the employment history of your mortgage loan officer.
